Fresno County First 5 recognized BSK Associates as a “Child Friendly” workplace. Noelle Willbanks, P.E. and Anne Sehm accept the award on behalf of BSK.

First 5 Recognizes BSK for Being Family Friendly

FRESNO, CALIFORNIA – FEBRUARY 20, 2009

First 5 Fresno County recognized BSK Associates as one of the most “Child Friendly” businesses in Fresno County. This award recognizes companies that support their parent employees to nurture the growth of their children and balance the demands of home and work life.

“BSK offers flexible work schedules, with full benefits, and encourages employees to be involved in family activities,” explained Noelle Willbanks, P.E. In addition to flexible schedules, BSK provides support to nursing mothers by providing facilities for storage and expression of milk.

“We believe employee fulfillment comes from a balance between challenging and rewarding work environment and quality of life with family and friends. BSK provides employees flexibility to attend children’s school functions and has many part-time employees allowing them to spend more time with their families,” said Michael Vartanian, CFO. In some cases, BSK will offer gotomypc.com, an online connection to their work computer, so employees can take care of work from home.

BSK Associates is an employee-owned, professional consulting firm that offers civil and geotechnical engineering, environmental assessment and remediation engineering, analytical chemistry, food microbiology, hydrogeology, seismic hazards and engineering-geology, construction materials testing and inspection services.
