

BSK receives Professional Development Award

FRESNO, CALIFORNIA – FEBRUARY 14, 2011

BSK Associates (BSK) received a 2010 Professional Development Award from the California American Council of Engineering Companies (ACEC). The Award is bestowed upon member firms in recognition of their continuing education programs.

Firms were required to demonstrate encouragement and support for their employees' professional enrichment activities. Ranking criteria included involvement in professional organizations (e.g. ACEC California), in-house training programs and financial support for higher education; additional credit was applied for employees serving in civic organizations

ACEC is a federation of 51 state and regional member organizations. Member firms are engaged in a wide variety of engineering disciplines that propel the nation's economy, and enhance and safeguard America's quality of life. These works allow Americans to drink clean water, enjoy a healthy life, take advantage of new technologies, and travel safely and efficiently. For more information visit www.acec.org.

About BSK:

Established in 1966, BSK Associates is celebrating its 45 anniversary as trusted earth scientists and technical professionals. BSK provides analytical chemistry, construction observation, ecological services, engineering geology, environmental engineering, geotechnical engineering, materials testing, and water resources management.
