

# Deltek Project Excellence Awards

## BSK recognized as a Finalist

November 30, 2009 - Fresno, CA

BSK Associates has been named a finalist in the *Deltek Project Excellence Awards* program in the category of *Business Impact*. The award program is designed to recognize Deltek customers for excellence in the use of Deltek solutions. The *Project Excellence Award for Business Impact* recognizes companies that have used Deltek solutions to achieve significant operational benefits, including

increased revenue, lowered costs, improved profitability, demonstrable ROI, and increased market share.

Using Deltek Vision software, BSK was able to improve its performance management tools, enabling us to more easily evaluate the overall health of our company. It has allowed us to automate processes, provide data to minimize errors, understand our costs, and reduce billing cycles to increase profitability and improve cash flow. “With Deltek, our company is continuing our efforts to improve processes, automation, efficiencies, and connectivity in support of our goal to provide the best service possible for our clients,” says Mike Vartanian, CFO.

BSK’s design and implementation team included Mike Vartanian, Cheri Enos, Marti De Gregorio, Anise Foote, Laura Pomaville, Jeanette Campise, Shelly Childers, Carolina Pereira, and Mike Erickson. Congratulations to the team for their efforts.
